Board of Directors
Regional Transportation Authority
175 West Jackson Boulevard, Suite 1650
Chicago, Illinois 60604

Dear Directors:

I have the pleasure to submit to you the Combining Financial Statements Report for the Regional Transportation Authority, the Chicago Transit Authority, the Commuter Rail Division and the Suburban Bus Division for the year ended December 31, 2021. This report fulfills the requirements of Section 4.05 of the RTA Act. This Report represents the operations of our transit system in the aggregate and not as individual components. It shows the magnitude of the resources on hand and in use for public transportation in the Northeastern Illinois Region.

The RTA's independent accountants have compiled the Combining Financial Statements Report. They have not subjected these statements to audit. The audited financial statements of each individual organization are available upon request. As always, the RTA staff acknowledges the commitment by the RTA Board and the Service Boards to fiscal responsibility, to ensure financially sound public transportation in northeastern Illinois.

Sincerely,

Bea Reyna-Hickey
Chief Financial Officer and
Senior Deputy Executive Director,

Independent Accountant's Compilation Report

To the Board of Directors
Regional Transportation Authority
Chicago, Illinois

Management is responsible for the accompanying special-purpose financial statements combining the Regional Transportation Authority and Service Boards, which comprise the special-purpose combining statement of net position as of December 31, 2021, and the related special-purpose combining statements of revenues and expenses and changes in net position, and special-purpose combining statement of cash flows for the year then ended, and the related notes to the special-purpose combining financial statements (collectively, the special-purpose combining financial statements), in accordance with the Regional Transportation Authority Act (RTA Act) and for determining that the requirements of the Act is an acceptable financial reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the accompanying special-purpose combining financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these special-purpose combining financial statements.

We draw attention to Note 1 of the special-purpose combining financial statements, which describes the basis of accounting. The financial statements are prepared in accordance with the Regional Transportation Authority Act (RTA Act), which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Management has elected to omit certain disclosures relating to the Regional Transportation Authority and Service Board's participation in pension and other postemployment benefit (OPEB) plans included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the assets, liabilities, equity, revenue, and expenses. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accompanying supplementary information and statistical information, as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the special-purpose combining financial statements. Such information is the responsibility of management. The supplementary information was subject to our compilation engagement. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such information.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

(See Independent Accountant's Compilation Report)

NOTE 1. **PRESCRIBED BASIS FOR REPORTING**

The accompanying special purpose combining financial statements are presented as required by the Regional Transportation Authority (RTA) Act (Act) and are not intended to be presented in accordance with accounting principles generally accepted in the United States of America. These financial statements combine the assets, liabilities, net position, revenues and expenses of the RTA and the Service Boards (CTA, Metra and PACE). The special purpose combining financial statements are not in accordance with accounting principles generally accepted in the United States of America (GAAP) primarily due to a different entity perspective and due to the omission of significant disclosures. The RTA and each individual Service Board receive a separate audit of their financial statements in accordance with accounting principles generally accepted in the United States of America. These individual statements are prepared in accordance with GAAP and include all required footnote disclosures.

Inter-agency receivables, payables, revenues, and expenses have generally been eliminated in the combining adjustments columns; however, there are some differences in these amounts reported in the stand-alone financial statements of the RTA and the Service Boards. These valid differences relate primarily to differences in timing in the recording of certain transactions. For purposes of these combining financial statements, such differences are recorded as combining adjustments to net position.

The columns presenting the combined balances for the RTA and Service Boards are statutorily required and do not present financial position, results of operations, or cash flows in conformity with accounting principles generally accepted in the United States of America.

NOTE 2. **ORGANIZATIONAL STRUCTURE**

RTA

The Regional Transportation Authority (RTA or Authority) was established in 1974 upon the approval of a referendum in its six-county Northeastern Illinois Region. The operating responsibilities of the RTA are set forth in the Act. The RTA is a unit of local government, body politic, political subdivision, and municipal corporation of the State of Illinois. As initially established, the RTA was an operating entity responsible for providing day-to-day bus and rail transportation services. However, in 1983, the Illinois General Assembly reorganized the structure and funding of the RTA from an operating entity to a planning, funding, and oversight entity. The reorganization placed all operating responsibilities in the Chicago Transit Authority (CTA) and two operating divisions of the RTA: the Commuter Rail Division (Metra) and the Suburban Bus Division (Pace), each having its own independent board. These divisions conduct operations and deal with subsidized carriers. These three entities are defined in the Act as the "Service Boards."

The Act sets forth detailed provisions for the allocation of receipts by the RTA to the various Service Boards and imposes a requirement that the RTA system as a whole achieves annually a "system-generated revenues recovery ratio" (i.e., aggregate income for transportation services provided) of at least 50% of the cost of transportation services. The Service Boards achieve their required recovery ratios by establishing fares and related revenue to cover the required proportion of their proposed expenses. The RTA is responsible for monitoring the budgets and financial performance of the Service Boards.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 2. ORGANIZATIONAL STRUCTURE (Continued)

CTA

The Chicago Transit Authority (CTA) was formed in 1945 pursuant to the Metropolitan Transportation Authority Act passed by the Illinois Legislature. The CTA was established as an independent governmental agency (an Illinois municipal corporation) "separate and apart from all other government agencies" to consolidate Chicago's public and private mass transit carriers. The City Council of the City of Chicago has granted the CTA the exclusive right to operate a transportation system for the transportation of passengers within the City of Chicago.

Metra

The Northeast Illinois Regional Commuter Railroad Corporation (NIRCRC), a public corporation, was established in 1980 to serve as the RTA's commuter rail service. The RTA Act, as amended effective November 9, 1983, established the Commuter Rail Division (CRD) to operate commuter rail transportation services. Both the NIRCRC and the CRD act under the registered service mark known as "Metra."

Metra has the responsibility for policy making with respect to actual day-to-day operations, capital investments, finances, fare levels, and service and facilities planning for its operations. Metra is responsible for the administration of all commuter rail activities in the metropolitan Chicago area, including deficit funding, capital grant application, and administration activities. Metra is directly responsible for the operation and management of the Rock Island, Milwaukee Road, Metra Electric, Heritage Corridor, North Central Service, and Metra Southwest Service commuter lines.

Metra also provides commuter rail service under Purchase of Service Agreements (PSA) with Union Pacific Railroad, Burlington Northern Santa Fe Railway Company, and Northern Indiana Commuter Transportation District. Under these agreements, Metra funds the commuter-related operating deficits (as defined) or is entitled to receive the commuter-related operating surpluses (as defined) of these carriers. In addition, Metra provides certain direct expenses such as fuel and insurance coverage considered to be "in-kind assistance." The title to the roadway and structure assets of the PSA carriers, other than capital improvements funded by federal and state agencies, the RTA, and Metra, is vested with the carriers. Accordingly, such assets are not reflected in these financial statements.

Pace

The Regional Transportation Authority Act, as amended effective November 9, 1983, established a Suburban Bus Division Board empowered to operate bus service serving suburban Cook County and the five collar counties of DuPage, Kane, Lake, McHenry and Will.

On July 29, 2005, the governor signed House Bill 1663 making Pace Suburban Bus the sole provider of all ADA (Americans with Disabilities Act) services in the City of Chicago and the surrounding six counties. The Bill states that Pace becomes the official operator of CTA's ADA services on July 1, 2006.

The Suburban Bus Board determines the level, nature and kind of public bus transportation services that should be provided in the suburban region. Independent operations of the Suburban Bus Division (Pace) commenced July 1, 1984, and after June 30, 2006 for ADA service in the entire RTA region. In January 2008, Public Act 95-0708 was passed which addressed the financial crisis for transit and provided additional funding for both Suburban and ADA services.

NOTE 2. ORGANIZATIONAL STRUCTURE (Continued)

Pace operates suburban bus services in Northeastern Illinois using rolling stock and structures and equipment purchased through capital grants funded by the Federal Transit Administration (FTA), the Illinois Department of Transportation (IDOT), the Regional Transportation Authority (RTA) and Pace's own funds.

Reporting Periods

The RTA, CTA, Metra and Pace (the Combined Entities) all report on a calendar-year basis. All statements enclosed herewith are based on each entity's December 31, 2021 year-end.

NOTE 3. REPORTING ENTITY

The RTA and each of the Service Boards have adopted the provisions of the Governmental Accounting Standards Board's (GASB) Statement No. 14 (Statement No. 14), *The Financial Reporting Entity* and GASB Statement No. 61 (Statement No. 61), *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*.

As defined by accounting principles generally accepted in the United States established by the GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

Appointment of a voting majority of the component unit's board, and either: (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to, or impose a financial burden on, the primary government; or fiscal dependency on the primary government.

Financial benefit or burden is created if any one of the following relationships exist:

- 1) The primary government is legally entitled to or has access to the component unit's resources.
- 2) The primary government is legally required or has assumed the obligation to finance the deficits of, provide support to, the component unit.
- 3) The primary government is obligated in some manner for the other component unit's debt.

In addition, a component unit also includes certain organizations that the primary government is not financially accountable for if the nature and significance of their relationship, including ongoing financial support are such that exclusion from the financial reporting entity would render the entity's financial statements incomplete or misleading.

In the judgment of the management of each of the entities and their analysis and application of the GASB Statements criteria, while the RTA does exercise some fiscal oversight, the Service Boards are not part of the RTA reporting entity for the purpose of preparing an annual comprehensive financial report in accordance with generally accepted accounting principles in the United States.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 3. REPORTING ENTITY (Continued)

In arriving at this conclusion, the following factors were considered:

- The Service Boards maintain separate management, exercise control over all operations (including the fare structures), and are accountable for fiscal matters, including ownership of assets, relations with federal and state transportation funding agencies that provide financial assistance in the acquisition of these assets, and the preparation of operating budgets. The Service Boards are also responsible for the purchase of services and approval of contracts relating to their operations.
- The RTA Board has control neither in the selection nor the appointment of any Service Board Director nor of any of its management. Further, directors of the Service Boards are excluded from serving on more than one entity's board of directors, including that of the RTA.
- The Illinois statutes require the RTA Board to approve the budgets of the Service Boards to determine if such budgets meet specified system-generated revenue recovery ratios and other requirements as defined by the Act.
- The RTA is not entitled to any Service Board surplus or responsible for any Service Board deficit.

Based on these factors and applying the aforementioned criteria used to determine financial accountability, management of the RTA does not consider the Service Boards to be component units and, accordingly, the financial data of the Service Boards have been excluded from the RTA reporting entity. They are combined, however, in these Combining Financial Statements. Section 4.05 of the RTA Act requires that the RTA prepare a report combining "the audits of the Service Boards, and reviewing the state of the Authority, the Service Boards, and the public transportation agencies."

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant policies:

Basis of Accounting—The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Sales taxes are recognized as revenues if collected by the retailers by year-end. Grants and similar items are recognized as revenues when qualifying expenditures have been incurred and as soon as all eligibility requirements imposed by the grantors have been met. Prepaid expenses are recorded using the consumption method.

Cash and Cash Equivalents—All investments of the Combined Entities are recorded at fair market value, except short-term investments which are reported at cost or amortized cost which reasonably approximates fair market value.

For purposes of the combining statement of cash flows, the Combined Entities consider all investments with original maturities of three months or less to be cash equivalents. Such amounts are included in the "Cash and Cash Equivalents" line items on the accompanying combining statement of net position.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets—All capital assets are recorded at cost. Costs funded by Federal Capital Grants are recorded as capital items and are included in capital assets. In calculating depreciation, the Combined Entities use the straight-line method. The estimated useful lives vary depending on the type of capital asset. These useful lives range from more than one year to forty years.

Deferred Outflows of Resources and Deferred Inflows of Resources— are a consumption (outflow) or acquisition (inflow) of net position by the government that are applicable to a future reporting period.

Materials and Supplies Inventory—Each Service Board records its inventory at the lower of cost or market. The CTA and Metra use the average-cost method and Pace uses the first-in/first-out method to determine cost.

Compensated Absences—All four entities have recorded liabilities for vested vacation time in the year the time was earned. The entities account for compensated absences under GASB Statement No. 16, *Accounting for Compensated Absences*, whereby the applicable salary-related employer obligations are accrued in addition to the compensated absences liability.

Revenues—The Combined Entities have five principal sources of revenue: (1) farebox revenue; (2) retailers' occupation taxes, service occupation taxes, and use taxes (collectively, RTA Sales Taxes); (3) funds appropriated to the RTA by statute through the state's Public Transportation Fund (PTF) established under the RTA Act; (4) state or federal grants, or any other such funds, which the RTA is authorized to apply for and receive under the RTA Act; and (5) investment income and other miscellaneous revenue.

Farebox Revenue—A major source of revenue to the Service Boards is fares collected from riders. Each Service Board has its own fare structure and method for collection of fares. Farebox revenue is recognized when fares paid are initially valid for transportation services.

RTA Revenues— The RTA has four principal sources of revenue: (1) retailer's occupation taxes, service occupation taxes, and use taxes (collectively, RTA Sales Tax); (2) funds appropriated to the RTA by statute through the PTF established under the Act; (3) State or Federal grants, or any other such funds, which the RTA is authorized to apply for and receive under the Act; and (4) investment income on unexpended funds held by the RTA, and other miscellaneous revenue.

Sales Tax— Prior to 2008, the RTA Sales Tax consisted of (i) in Cook County, (a) a tax of 1% of the gross receipts from sales of drugs, certain medical supplies and food prepared for consumption off the premises (other than for immediate consumption) imposed on all persons selling tangible personal property at retail (a Food and Drug Tax) and (b) a tax of 0.75% of the gross receipts from all other taxable retail sales; (ii) in counties within Northeastern Illinois other than Cook County, a tax of 0.25% of the gross receipts from all taxable retail sales (together with (i) (b), a General Sales Tax); and (iii) a tax of 1% on the use in Cook County, and 0.25% on the use in Northeastern Illinois other than Cook County of tangible personal property purchased from a retailer outside Northeastern Illinois and titled or registered with a State agency by a person with a Northeastern Illinois address (a Use Tax); and (iv) a tax imposed in the same locations and at the same rates as the Food and Drug Tax and the General Sales Tax on persons engaged in a sale of service pursuant to which property in the form of tangible personal property or in the form of real estate is transferred incidental to a sale of a service (a Service Occupation Tax).

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The taxes described in (i) and (ii) above are also imposed on persons engaged in making sales of services pursuant to which tangible personal property or real estate (as incident to a sale of a service) is transferred (with respect to the taxes in (i) and (ii), a Service Occupation Tax).

The RTA Sales Tax is collected by the Illinois Department of Revenue (the Department of Revenue), and paid to the Treasurer of the State to be held in trust for the RTA outside the State Treasury.

Proceeds from the RTA Sales Tax are payable monthly directly to the RTA, without appropriation, by the State Treasurer on the order of the State Comptroller. Effective July 1, 2018, the State reduced the permanent administrative surcharge on RTA sales tax receipts to 1.5%, which was imposed July 1, 2017 at 2%. Through December 2021, the reduced amount of sales tax provided to the RTA and Service Boards was approximately \$77.0 million.

Also, proceeds from certain sales taxes imposed by the State are allocated to the RTA as part of the restructuring of the State and local sales taxes in Illinois. Until January 1, 1990, the State General Sales Tax, State Use Tax, and State Service Occupation Tax portions of the RTA Sales Tax were imposed at a rate of 1% in Cook County. Effective January 1, 1990, as a result of legislation (the Sales Tax Reform Act) aimed at simplifying the base and rate structure of taxes imposed by the State and its local governments, including the RTA, the State General Sales Tax, State Use Tax, State Service Occupation Tax, and State Service Use Tax were increased from 5% to 6.25% and any corresponding portions of the RTA Sales Tax in Cook County were reduced from 1% to 0.75%. In order to avoid a revenue loss to the RTA because of the reduction in this portion of the RTA Sales Tax, the Sales Tax Reform Act directed that portions of the receipts from the State General Sales Tax, State Use Tax, State Service Occupation Tax, and State Service Use Tax be paid to the RTA annually.

Specifically, 4% of the net monthly revenue from the 6.25% State General Sales Tax and State Service Occupation Tax and 4% of the net monthly revenue from the State Use Tax on personal property purchased at retail outside the State, but registered or titled with a State agency within the State (i.e., 0.25% of total) is transferred into the County and Mass Transit District Fund in the State Treasury (the CMTD Fund). The amount in the CMTD Fund attributable to taxable sales occurring in Cook County or to property registered or titled in Cook County is then transferred into the RTA Occupation and Use Tax Replacement Fund in the State Treasury (the Replacement Fund). In addition, (i) the net monthly revenue from the State Use Tax and State Service Use Tax portions of the 1% State Food and Drug Tax, and (ii) 20% of the net monthly revenue of the 6.25% State Use Tax and State Service Use Tax (i.e., 1.25% of total), other than revenues of such taxes attributable to personal property purchased at retail outside the State but registered or titled with a State agency within the State, are deposited in the State and Local Sales Tax Reform Fund (the Reform Fund). Of the money paid into the Reform Fund, 10% is transferred into the Replacement Fund.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Act provides that the RTA withhold 15% of these tax revenues generated and that these revenues are deposited into the RTA's General Fund. The RTA is required to pass on to the Service Boards, pursuant to statutory formula, an amount equal to the remainder of such tax revenues. The remaining 85% of sales tax is allocated to the Service Boards as follows:

<u>Service Board</u>	<u>Collected Within Chicago</u>	<u>Collected within Cook County Outside Chicago</u>	<u>Collected in DuPage, Kane, Lake McHenry and Will Counties</u>
CTA	100 %	30 %	-
Metra	-	55 %	70 %
Pace	-	15 %	30 %

The RTA recognizes as a receivable and revenue in the General Fund only the 15% of this portion of the total sales taxes collected to which it is entitled by the amended Act. The remaining 85% of this portion of the sales tax is recorded in the Agency Fund. The criteria applied for recognition of the receivable and related revenue are that the amounts are "measurable and available" for the RTA to meet its current obligations.

In January 2008, Illinois Public Act 95-0708 increased the RTA sales tax rate throughout the region, increased the real estate transfer tax (RETT) in the City of Chicago, and raised the rate at which RTA sales tax revenues are matched by PTF. The RTA sales tax rate was increased 0.25% in Cook County and 0.50% in the Collar Counties effective April 1, 2008. Proceeds of the sales tax increase in the Collar Counties are divided evenly between the RTA and the county where the tax is collected. Effective April 1, 2008, the RETT in the City of Chicago was increased by 40% (i.e. for every \$500 in sales price and additional \$1.50 in tax is collected).

Public Transportation Fund—In accordance with the Act, the State Treasurer is authorized and required to transfer from the State's General Revenue Fund to a special fund in the State Treasury designated the "Public Transportation Fund," an amount equal to 30% of net revenues realized from sales taxes (or, as the case may be, gasoline or parking taxes) and RETT. These amounts may be paid to the RTA only upon State appropriation.

In February 2008, the PTF match of the pre-2008 RTA sales tax increased from 25% to 30%. In April 2008, the 5% PTF match was applied to the RETT and the RTA portion of the sales tax increase. In January 2009, the PTF match of both the RETT and the RTA portion of the sales tax increase rose from 5% to 30%.

While the RETT and the 25% PTF match of RETT funds only the CTA, the largest part of P.A. 95-0708 revenue provides funding for CTA, Metra, Pace and ADA Paratransit operations, as well as for regional innovation, coordination and enhancement (ICE) and suburban community mobility (SCMF) initiatives. Funds for ADA Paratransit, ICE and SCMF are by statute set aside before distributions to the CTA, Metra and Pace.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

None of the revenues from the PTF are payable to the RTA unless and until the RTA certifies to the Governor, State Comptroller, and Mayor of the City of Chicago that it has adopted a budget and financial plan as called for by the Act. This certification has been submitted.

The amounts allocable to each of the Service Boards from funding received by the RTA from a portion of the State's PTF are allocated at the direction of the RTA Board in connection with the review and approval of the annual and revised budgets of each Service Board. This portion corresponds to 25% of the pre-2008 sales tax receipts. The remaining portion of the State's PTF is combined with the sales tax resulting from the 2008 rate increase and allocated by statute first to the ADA Paratransit Fund, ICE Fund, and SCMF, with the remainder distributed 48% to the CTA, 39% to Metra, and 13% to Pace.

The allocable amounts of such funds are payable as soon as may be practicable upon their receipt, provided that the RTA has adopted a budget pursuant to Section 4.01 of the Act, and the Service Board that is to receive such funds is in compliance with the budget requirement imposed upon the Service Board pursuant to Section 4.11 of the Act.

Reduced Fare Reimbursement—In the State's fiscal year 2021, which ends June 30, 2021, the Illinois General Assembly appropriated funds for a program under which the Illinois Department of Transportation (IDOT) is authorized to provide to the RTA a reduced fare reimbursement grant for the purpose of reimbursing the Service Boards for a portion of actual revenue losses attributable to reduced fares for students, people with disabilities, and the elderly. For the State fiscal year ended June 30, 2021, the grant was in the amount of \$17.6 million.

Additional State Assistance/Additional Financial Assistance—The State has authorized Additional State Assistance (ASA) which is supplemental financing for the RTA's Strategic Capital Improvement Program (SCIP) bonds. The ASA available to the RTA during the State's July through June fiscal year is limited to the lesser of (i) the actual debt service payable during such year on any outstanding SCIP I bonds plus any debt service savings from the issuance of refunding or advance refunding SCIP I bonds, less interest earned on the unspent bond proceeds, or (ii) \$55 million per year. The RTA recognized \$40 million of ASA in 2021.

Beginning with the State's fiscal year 2001, the State has also authorized Additional Financial Assistance (AFA) to pay for debt service requirements for SCIP II bonds authorized under the Illinois First Program. The amount available to the RTA during the State's July through June fiscal year is limited to the lesser of (i) the actual debt service payable during such year on any outstanding SCIP bonds less interest earned on those bond proceeds, or (ii) \$100 million in the State's fiscal years 2021 and 2022, per year. The RTA recognized \$87 million of AFA in 2021.

Expenditures and Expenses—Operating grants consist of financial assistance to the Service Boards. The RTA provides operating assistance to the Service Boards to fund, in part, their RTA-approved budgets.

Capital grants consist of the RTA local match of Federal Transit Administration (FTA) and IDOT-funded capital projects, 100% RTA-funded projects and capital projects funded by RTA, SCIP bonds, and investment income on bonds. Capital payments of approximately \$10 million for sales tax funding are due to Metra based on a statutory formula. This formula consists of the budgeted sales tax revenues in excess of Metra's budgeted operating deficit.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administration consists of those costs of the RTA incurred to carry out its administrative activities. These costs were limited by statute to \$29.0 million for the year ended December 31, 2021.

Non-administration, listed as regional and technology program expenses in the combining statement of revenues and expenses and changes in net position, consists of those costs of the RTA which are exempt from the statutory limit defined in the RTA Act. These costs include the operation of the Travel Information Center, Transit Benefit Program, Americans with Disabilities Act (ADA), reduced fare registration, capital development and other program costs incurred on behalf of the Service Boards and not for the benefit of RTA itself.

Cash Flows—For purposes of the statement of cash flows for proprietary funds, the RTA considers all short-term securities with original maturities of three months or less to be cash equivalents. Cash and cash equivalents aggregated \$15.8 million at December 31, 2021 and are included in cash and cash equivalents under business-type activities on the accompanying statement of net position.

Management's Use of Estimates—The preparation of financial statements in conformity with the Act requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates reported.

GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The Statement was effective immediately upon issuance in May 2020. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

During fiscal year 2021, the Authority adopted the following GASB Statements:

GASB Statement No. 98, *The Annual Comprehensive Financial Report (ACFR)*. The primary objective of this Statement is to establish the term annual comprehensive financial report and its acronym ACFR. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The objective of this Statement is (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This statement did not have a material impact on the RTA's financial statements.

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting standards that the Authority is currently reviewing for applicability and potential impact on the financial statements include:

GASB Statement No. 87, *Leases*, will be effective for the RTA with its year ended December 31, 2022. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

GASB Statement No. 92, *Omnibus 2020*, the primary objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirements of this Statement were effective on different timelines as some were effective upon issuance, the remaining items are effective for reporting periods beginning after June 15, 2021.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*, will be effective for the RTA with its year ended December 31, 2022. Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR was expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The objective of this Statement is to address this and other accounting and financial reporting implications that result from the replacement of an IBOR.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, will be effective for the RTA with its year ended December 31, 2023. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infra-structure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*, will be effective for the RTA with its year ending December 31, 2023. This Statement defines a SBITA; establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The requirements of this Statement will improve financial reporting by establishing a definition for a SBITA and providing uniform guidance for accounting and financial reporting for transactions that meet that definition.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*, will be effective for the RTA with its year ending December 31, 2022. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain de-fined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for bene-fits provided through those plans.

GASB Statement No. 99, *Omnibus 2022*. The requirements of this Statement will enhance comparability in the application of accounting and financial reporting requirements and will improve the consistency of authoritative literature. Consistent authoritative literature enables governments and other stakeholders to more easily locate and apply the correct accounting and financial reporting provisions, which improves the consistency with which such provisions are applied. The comparability of financial statements also will improve as a result of this Statement. Better consistency and comparability improve the usefulness of information for users of state and local government financial statements. The requirements of this Statement were effective on different timelines as requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance, requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022 and requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023.

GASB Statement No. 100, *Accounting Changes and Error Corrections*, will be effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement will improve the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. In turn, more understandable, reliable, relevant, consistent, and comparable information will be provided to financial statement users for making decisions or assessing

accountability. In addition, the display and note disclosure requirements will result in more consistent, decision useful, understandable, and comprehensive information for users about accounting changes and error corrections.

GASB Statement No. 101, *Compensated Absences*, will be effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The unified recognition and measurement model in this Statement will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. In addition, the model can be applied consistently to any type of compensated absence and will eliminate potential comparability issues between governments that offer different types of leave. The model also will result in a more robust estimate of the amount of compensated absences that a government will pay or settle, which will enhance the relevance and reliability of information about the liability for compensated absences.

Unless stated otherwise, management has not currently determined what impact, if any, these Statements may have on its financial statements.

NOTE 5. BUDGET AND BUDGETARY ACCOUNTING

Section 4.01(a) of the Act requires the RTA to prepare and adopt a comprehensive annual budget and program presenting the RTA's planned operations and capital expenditures for the forthcoming year. The Service Boards' proposed budgets are based on the RTA's estimate of funds that will be available to the Service Boards by or through the RTA's own budget. This budget is comprehensive and includes the activity in the RTA General Fund and the Sales Tax Agency Fund.

The annual budget and related appropriations are prepared using the modified accrual basis of accounting in conformity with accounting principles generally accepted in the United States except for RTA capital expenditures and capital grants to the Service Boards. The RTA capital expenditures and capital grants to the Service Boards are budgeted on a project basis, which normally exceeds one year, and debt service payments, which are budgeted as transfers from the General Fund. Budgets for RTA capital expenditures and capital grants to the Service Boards that extend beyond one year are presented in the first year of the grants and represent the total amounts awarded. In addition, for the sales tax agency fund, additions and deletions are treated as revenues and expenditures. All appropriations lapse at year-end.

Although appropriations are adopted for individual line items, the legal level of control (i.e., the level at which appropriation transfers or expenditures in excess of appropriated amounts require RTA Board approval) is restricted to total appropriations/expenditures and total administration appropriations/expenditures. Management has the authority to exceed any line item appropriation without Board approval, provided it does not exceed the total appropriations/expenditures and the total administration appropriations/expenditures. It had previously been the policy of the RTA (ordinance 91-9) to fund the budgets of the Service Boards up to the amount appropriated in the annual Budget Ordinance. However, this policy was rescinded by ordinance 2015-55, which also rescinded the provision of the RTA funding policy adopted by Ordinance 98-15 that required the RTA annual budget and two-year financial plan to show a year-end unassigned fund balance equal to 5% of RTA operating expenditures by no later than the end of the three-year planning period. The Service Boards now maintain their own fund balance and reserve plans.

NOTE 5. BUDGET AND BUDGETARY ACCOUNTING (Continued)

The Service Boards shall maintain all financial records and shall prepare all financial statements and reports, including quarterly and annual reports required under the Act, in accordance with the following provisions:

- The first source of funds to be credited against the budgeted funding amount is from Service Board sales tax receipts.
- The second source of funds to be credited against the budgeted funding amount is from PTF receipts; and
- The third source of funds credited against the budgeted funding amount is from unallocated RTA sales tax receipts and other discretionary receipts.

The reimbursement of Service Boards' capital expenditures and the payment of PTF funds, unallocated RTA sales tax receipts and other discretionary funds of the RTA shall be made under the terms and conditions of grant agreements governing such expenses.

In late 2021, the Illinois legislature granted temporary recovery ratio relief for fiscal years 2021, 2022, and 2023 due to the ongoing pandemic. Per Public Act 102-0678, the aggregate of all projected fare revenues from such fares and charges received in fiscal years 2021, 2022, and 2023 may be less than 50% of the aggregate costs of providing such public transportation in those fiscal years.

NOTE 6. CAPITAL LEASE OBLIGATIONS

CTA

Capital Lease – Public Building Commission: In 2003, the Public Building Commission of Chicago (PBC) issued revenue bonds for the benefit of the CTA in the amount of \$119 million. The bonds were issued to pay costs associated with the acquisition of real property and construction of a building, and facilities, including certain furniture, fixtures, and equipment. The real property, building and facilities, and all furniture, fixtures, and equipment are owned by the PBC and leased to the CTA for use as its headquarters. On October 26, 2006, the Public Building Commission of Chicago (PBC) issued Building Refunding Revenue Bonds for the benefit of the CTA in the amount of \$91.3 million. The proceeds of the bonds were used to advance refund the Public Building Commission of Chicago, Series 2003 bonds. The principal amount of the bonds refunded was \$111.1 million.

The proceeds from the sale of the 2006 bonds are being held in escrow under an escrow refunding agreement and have been invested in United States Treasury obligations. The principal amount of such obligations, together with interest earned thereon, will permit the payment of principal and interest on the refunded bonds up to and including their respective call dates. The refunded bonds are treated in the financial statements as defeased obligations. Accordingly, neither the trust account assets nor the refunded bonds appear in the accompanying financial statements. This refunding decreased annual debt service payments over 27 years by approximately \$388 thousand resulting in an economic gain of approximately \$20.4 million. Based upon the requirements of GASB Statement No. 23, *Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Accounts*, the CTA recorded a deferred amount (loss) on refunding of \$2.4 million. The remaining unamortized portion of \$197 thousand and \$305 thousand are recorded as deferred outflows of resources in the accompanying Statements of Net Position as of December 31, 2021 and 2020, respectively.

NOTE 6. CAPITAL LEASE OBLIGATIONS (Continued)

The bonds are payable from and secured by the lease entered into between the Commission and the CTA and are considered a general obligation of the CTA payable from any lawfully available funds. The bond premium related to this transaction is presented as such on the Statements of Net Position. The present value of the future payments to be made by the CTA under the lease of approximately \$55.1 million and \$58.3 million is reflected in the accompanying December 31, 2021 and 2020 Statements of Net Position, respectively, as a capital lease obligation.

Change in Capital Lease Obligations: Changes in capital leases for the year ended December 31, 2021, are as follows (in thousands of dollars):

	Beginning		Principal	Ending	Interest	Due in
2021	Balance	Additions	Paid	Balance	Paid	One Year
2006 PBC Lease	\$ 58,330	\$ -	\$ (3,225)	\$ 55,105	\$ 2,965	\$ 3,390

Future Minimum Lease Payments: As of December 31, 2021, future minimum lease payments for capital leases, in the aggregate, are as follows (in thousands of dollars):

Year Ending December 31	Amount

NOTE 7. COMMITMENTS AND CONTINGENCIES

Each of the entities has various commitments that have arisen in the normal course of operations. None is expected to have a material adverse impact on its financial position as presented.

Each of the entities has also established liabilities for potential legal judgments to satisfy claims against the entity.

The RTA has also established a loss-financing plan to cover funding of losses incurred by the RTA and the Service Boards over certain established limits.

CTA

Litigation: The CTA has been named as a defendant in various other legal proceedings arising in the normal course of operations. Although the ultimate outcome of these matters cannot be presently determined, it is the opinion of management of the CTA that resolution of these matters will not have a material adverse impact on the CTA's financial statements.

Defeased Debt: On October 26, 2006, the PBC issued Building Refunding Revenue Bonds for the benefit of the CTA for \$91.3 million. The proceeds of the bonds were used to advance refund the Public Building Commission of Chicago, Series 2003 bonds. The outstanding balance of the defeased debt as of December 31, 2021 was \$18.7 million.

2018 Line of Credit

On July 10, 2018, the Chicago Transit Authority entered into a tax-exempt Note Purchase Agreement (NPA) with Bank of America, N.A. in a not-to-exceed amount of \$150 million. The Notes are secured by a pledge of sales tax revenue receipts on parity with the existing Second Lien Sales Tax Receipts Revenue Bonds and may be drawn upon at any time for Capital Projects, the payment of costs of issuance related to this Note, and to refund short-term obligations issued pursuant to this Note. Interest on the Notes is based upon the LIBOR rate. The Notes had an initial commitment expiration date of July 10, 2020, which was extended to September 30, 2021. This line of credit was replaced with an NPA with JP Morgan Chase Bank, National Association on September 24, 2021

This line of credit contains a provision that in the event of default the obligation is to become immediately due and payable in full as the result of acceleration as defined in the Events of Default section.

No principal was outstanding on the Notes as of December 31, 2021.

2019 Line of Credit

On July 12, 2019, the Chicago Transit Authority entered into a Note Purchase Agreement (NPA) with PNC Bank, National Association in a not-to-exceed amount of \$150,000,000. The Notes are secured by a pledge of sales tax revenue receipts on parity with the existing Second Lien Sales Tax Receipts Revenue Bonds and may be drawn upon at any time for Capital Projects, the payment of costs of issuance related to this Note, and to refund short-term obligations issued pursuant to this Note. Interest on the Notes is based upon the LIBOR rate. The Notes have an initial commitment expiration date of July 11, 2022.

This line of credit contains a provision that in the event of default the obligation is to become immediately due and payable in full as the result of acceleration as defined in the Events of Default section. The principal of outstanding Notes was \$138.0 million as of December 31, 2021. The unused line of credit was \$12.1 million as of December 31, 2021.

NOTE 7. COMMITMENTS AND CONTINGENCIES (Continued)

2021 Line of Credit

On September 24, 2021, the Chicago Transit Authority entered into a Note Purchase Agreement (NPA) with JP Morgan Chase Bank, National Association in a not-to-exceed amount of \$150 million. The Notes are secured by a pledge of sales tax revenue receipts on parity with the existing Second Lien Sales Tax Receipts Revenue Bonds and may be drawn upon at any time for Capital Projects, the payment of costs of issuance related to this Note, and to refund short-term obligations issued pursuant to this Note. Interest on the Notes is based upon the LIBOR rate. The Notes have an initial commitment expiration date of September 24, 2026. This line of credit replaced the Authority's prior line of credit with Bank of America, National Association, which expired on September 30, 2021.

This line of credit contains a provision that in the event of default the obligation is to become immediately due and payable in full as the result of acceleration as defined in the Events of Default section.

The principal of outstanding Notes was \$99.4 million as of December 31, 2021. The unused 2021 line of credit was \$50.7 million as of December 31, 2021.

Metra

Litigation: Metra is a defendant in a number of legal actions. These actions have been considered in estimating and funding Metra's retained risk liability program. The total of amounts claimed under these legal actions, including potential settlements, could exceed the amount of the accrued claims. In the opinion of Metra's management, the retained risk funding and Metra's limited excess indemnity insurance coverage from commercial carriers are adequate to cover the ultimate liability of these legal actions, in all material respects.

Notable Proceedings:

- Union Pacific (UP) Litigation – Metra and the UP have filed legal actions against each other related to the UP's obligation to provide commuter rail service. While the filings are being litigated, negotiations continue regarding the transfer of commuter services, activities and assets that Metra currently contracts with the UP under the PSA. The outcome of the legal actions and the negotiations are currently unknown along with any potential financial impacts.
- Canadian Pacific (CP) Petition – In 2021, the CP offered to acquire the Kansas City Southern. Metra has responded to the proposed acquisitions with a petition to the Surface Transportation Board (STB) to deny the merger or seek certain mitigating concessions as it believes that the proposed merger will adversely impact affected Metra commuters. The financial and operational impacts of the merger and related legal actions are currently unknown.

Grants: Metra receives moneys from federal and state government agencies under various grants. The costs, both direct and indirect, charged to these grants are subject to audits and disallowance by the granting agency. It is the opinion of management of Metra that any disallowances or adjustments would not have a material adverse effect on the financial position of Metra.

At December 31, 2021, Metra had \$420.3 million in obligations related to federal, state, and local capital grant contracts that are in progress.

NOTE 7. COMMITMENTS AND CONTINGENCIES (Continued)

Leases: Metra has entered several noncancelable operating leases, primarily for the use of passenger terminals, which expire on various dates through 2045. Future minimum rental payments under all noncancelable operating leases having initial or remaining terms in excess of one year as of December 31, 2021 were as follows (in thousands of dollars):

<u>Year Ending December 31</u>	<u>Amount</u>
2022	\$ 14,127
2023	14,471
2024	14,822
2025	13,668
2026	13,833
Thereafter	<u>314,199</u>
Total	<u>\$ 385,120</u>

Total rent expense aggregated \$8.6 million for the year ended December 31, 2021.

Chicago Region Environmental and Transportation Efficiency Program (CREATE)—The CREATE program is a public-private partnership between the rail industry and all levels of government to increase and improve efficiency, capacity, and safety within Chicago's railroad network. In 2019, Metra has partnered with U.S. Department of Transportation, the State of Illinois, City of Chicago, Amtrak, and national freight railroads through CREATE and committed \$23 million. In 2021, Metra spent \$2.8 million for the CREATE capital project.

Chicago Union Station (CUS)—Metra entered into a project with Amtrak in 2019 to address the capacity limitations at CUS during peak travel times. Metra has committed to contribute \$3.0 million in capital contributions, \$10.0 million for station and rail infrastructure operations under this project.

Pace

Agreements with Pace's paratransit public funded carriers generally provide that Pace will reimburse the lesser of the approved budget, \$3.25 per ride, or up to 75% of defined operating deficits incurred, within defined service guidelines, in the provision of specified demand response public transportation services.

Grant agreements with Pace's public contract carriers provide that Pace reimburse defined operating expenses, limited to their approved budget level, incurred in providing public transportation services.

Pace receives significant financial assistance from federally assisted programs, principal of which is FTA. These programs are subject to audit under the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) for which a separate report is issued.

On February 24, 2015, Pace issued \$12 million in Special Revenue Bonds through a competitive bid process utilizing the Illinois Finance Authority's direct bank placement program. The bond proceeds are used to finance the conversion of South Division in Markham into a compressed natural gas facility.

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 7. COMMITMENTS AND CONTINGENCIES (Continued)

These revenue bonds are not general obligations of Pace and must be repaid with Pace operating revenue in equal annual principal payments.

State statute limits the amount of debt Pace is allowed and specifies projects for each bond issuance. Specifically, only four specific projects are allowed, with a total limit of \$100 million. The bond issued in 2015 comprises the total bonding authority for one of the four projects.

A requirement of the bond covenant is that Pace deposit \$1.2 million into a reserve account. In addition, Pace is required to make a monthly deposit that represents one-twelfth of the annual principal payment and one-sixth of the semiannual interest payment into a debt service account held at the bond depository bank. Semi-annual interest payments began on June 15, 2015 and continued semi-annually each June and December going forward. The annual principal payment was made on December 17, 2018.

Revenue bonds currently outstanding as of year ended December 31, 2021 are as follows (in thousands of dollars):

Bond Issuance	Fund Debt Retired By	Beginning Balance	Issuances	Retirements	Ending Balance	Due in One Year
Taxable Revenue Bond Series of 2015, the South cook compressed Natural Gas facility project, authorized issue of \$12 million, due in annual installments of \$1.2 million, interest payable June 15 and December 15 at rates ranging from 1.40% to 3.50% through December 15, 2024	Suburban Services	\$ 4,800	\$ -	\$ 1,200	\$ 3,600	\$ 1,200

Annual requirements to amortize all debt outstanding as of December 31, 2021 are as follows (in thousands of dollars):

Fiscal Year	Principal	Interest	Total
2022	\$ 1,200	\$ 119	\$ 1,319
2023	1,200	82	1,282
2024	1,200	42	1,242
Total	\$ 3,600	\$ 243	\$ 3,843

Pledged Revenues – Pace has pledged future portions of the Suburban Service Fund's operating revenue to repay the Special Revenue Bonds Series 2015 bonds. Proceeds from the bonds provided financing to convert the South Division location into a compressed natural gas facility. The bonds are payable from 2015 through years ended 2024. If the pledged revenues from these sources are insufficient to provide for the principal and interest payments on the bonds, a debt service reserve fund would be used to make the payments. Annual principal and interest payments on the bonds are expected to require less than 2.7% of the operating revenue. The total principal and interest remaining to be paid on the bonds is \$3.8 million. Principal and interest paid for the current year is \$1.4 million, and the Suburban Service Funds' operating revenue for the current year is \$32.1 million.

RTA

The RTA has an operating lease agreement for its office facilities. In 2021, the total rent paid by the RTA was \$1.6 million. Minimum required annual rental payments by the RTA are as follows (in thousands of dollars):

<u>Year Ending December 31,</u>	<u>Amount</u>
2022	\$ 1,749
2023	1,783
2024	1,512

NOTE 8. CASH AND INVESTMENTS

The applicable statutory provisions governing the investment of public funds are found in 30 ILCS 235/1, et seq. Each of the Combined Entities has established its own investment policy which is in line with the State statute or, in some cases, more restrictive.

The Combined Entities have on hand, as of December 31, 2021, \$1.867 million of cash and investments (excludes CTA bond proceeds held by Trustee). Of this amount, \$361 million is restricted for self-insurance and other damage reserve liabilities, debt service, health insurance claims, and capital projects.

NOTE 9. RTA GENERAL OBLIGATION BONDS AND NOTES PAYABLE (Continued)

2020 Direct Placement – In May 2020, the RTA authorized the issuance of \$250 million two-year Direct Placement Working Cash Notes, Series 2020A (Taxable) with JP Morgan Chase Bank under a line of credit to provide funds to manage the cash flow needs of the RTA and the service boards, including the payment to the underwriter's discount on the Notes. The Series 2020A Working Cash Note also helped to retire the \$150 million to the outstanding Working Cash Note Series 2018A.

The Notes will mature on April 29, 2022, within two years of the date of issuance of the first Note, which will be funded in the amount of \$150 million on May 4, 2020, the closing date. The outstanding amount of the Notes may not exceed \$250 million at any point in time over the life of the agreement. The interest rate on the Notes will be 2.5% as of the closing date and shall be reset on the first business day of each month. The interest rate shall be the LIBO Interest Rate, unless and until the Bank provides written notice of the change of rate mode to the Trustee and the Authority pursuant to the provisions of the Indenture.

In the event of default by the Authority, the bank, by written notice to the Authority may declare the amount of the Notes and the Agreement Obligations to be immediately due and payable without presentment, demand, protest or further notice of any kind. In addition, the bank, by written notice to the authority, may declare to be under no further obligation to make advances under the terms of the agreement.

All the bonds and notes payable are recorded as current and long-term liabilities, as applicable, of the governmental activities in the government-wide statement of net position, and are general obligations of the RTA to which the full faith and credit of the RTA are pledged. The bonds and notes payable are payable from all revenues and all other funds received or held by the RTA (except amounts in the Joint Self-Insurance Fund and amounts required to be held or used with respect to separate ordinance obligations) that lawfully may be used for retiring the debt.

2021 General Obligation Refunding Bond – In October 2021, the RTA issued \$89.2 million in General Obligation Bonds, Series 2021A, to provide funds to advance refund the RTA's outstanding Series 2014A Bonds, as well as to fund pay the costs of issuance of the 2021A refunding bonds.

The RTA advance refunded Series 2014A in order to take advantage of more favorable interest rates which provide the RTA and the Service Boards with cost savings. The RTA reduced the total debt service payments for 2014A by approximately \$26.2 million and achieved an economic gain of approximately \$10.9 million (difference between net present value of the debt service payments on the old and the new debt).

The Series 2021A Bonds mature on June 1, 2044 and interest is payable at rates ranging from 2.40% to 3.05% on December 1, 2021 and semi-annually thereafter on June 1 and December 1 in each remaining year.

Total	\$ 89,210	\$ 33,551	\$ 122,761

The bonds and notes payable are secured by an assignment of a lien on the sales taxes imposed by the RTA. All sales tax receipts are to be paid directly to the trustee by officials of the State. If, for any reason, the required monthly debt service payment has not been made by the RTA, the trustee is to deduct it from the sales tax receipts. If all payments have been made, the funds are made available to the RTA for regular use. Under the RTA Act, the Service Boards' fare box receipts and funds on hand are not available for payment of debt service.

In the Debt Service Fund, \$1.5 million in investments are restricted and available to service principal and interest payments of the RTA's long-term debt as of December 31, 2021.

NOTE 10. CTA BONDS PAYABLE

2008A Series (Pension Funding) and 2008B Series (Retiree Health Care Funding) Sales and Transfer Tax Receipts Revenue Bonds: On July 30, 2008, the CTA issued Sales and Transfer Tax Receipts Revenue Bonds in the amount of \$1,936.8 million to fund the employee retirement plan and to create a retiree health care trust. The bonds were sold in two tranches, a \$1.3 billion Series A to fund the employee's retirement plan and a \$640 million Series B to fund a permanent trust that was established to cover other postemployment benefits for retirees' health care. The bonds are secured primarily by a pledge of and lien on the Sales Tax Receipts Fund and the Transfer Tax Receipts Fund deposits. The bonds were issued pursuant to the pension and retiree health care reform requirements set forth in Public Acts 94-839 and 95-705.

Public Act 94-839 required the CTA to make contributions to its retirement system in an amount which, together with the contributions of its participants, interest earned on investments and other income, were sufficient to bring the total assets of the retirement system up to 90% of its total actuarial liabilities by the end of fiscal year 2058. Additionally, Public Act 94-839 required that the Retirement Plan's pension and retiree health care programs be separated into two distinct trusts by December 31, 2008.

NOTE 10. CTA BONDS PAYABLE

Public Act 95-708 modified this directive slightly and added a number of other requirements. First, a new Retirement Plan Trust will be created to manage the Retirement Plan assets. Second, CTA contributions and employee contributions were increased. Third, in addition to the requirement that the Retirement Plan be 90% funded by 2059, there is a new requirement that the Retirement Plan be funded at a minimum of 60% by September 15, 2009. Any deviation from the stated projections could result in a directive from the State of Illinois Auditor General to increase the CTA and employee contributions. Fourth, Public Act 95-708 authorized the CTA to issue \$1.9 billion in pension obligation bonds to fund the pension and retiree health care. Finally, the legislation provides that CTA will have no future responsibility for retiree healthcare costs after the bond funding. In accordance with Public Act 95-708, all retiree healthcare benefits are now paid from the newly established Retiree Health Care Trust.

This bond contains a provision that in the event of default, the CTA upon demand of the Trustee shall pay any amounts remaining in the Sales Tax Receipt Fund and the Transfer Tax Receipts Fund, as defined by the bond agreement, and all tax receipts as promptly as practicable after receipt.

The Series 2008A and 2008B bonds bear interest ranging from 5.1% to 6.9%. Scheduled interest on the 2008A and 2008B bonds will be funded through June 1, 2009 and June 1, 2010, respectively, with bond proceeds and interest earnings thereon. Interest is payable semiannually on June 1 and December 1 and the bonds mature serially on June 1, 2013 through June 1, 2040.

NOTE 10. CTA BONDS PAYABLE (Continued)

2010A Sales Tax Receipts Revenue Bonds and Taxable Series 2010B Sales Tax Receipts Revenue Bonds (Build America Bonds): On March 23, 2010, the CTA issued the Sales Tax Receipts Revenue Bonds, Series 2010A and Taxable Series 2010B Build America Bonds, in the amount of \$550 million along with a premium of \$5.2 million. The bonds were issued to provide funds to finance or reimburse the CTA for expenditures relating to the purchase of new rail cars, overhaul and rehabilitation of existing rail cars, and the purchase and installation of upgrades for rail system components. The American Recovery and Reinvestment Act of 2009 created the Build America Bond (BAB) Program. This program allows state and local governments to issue taxable bonds for capital projects and to receive a federal subsidy payment from the U.S. Treasury Department for a portion of their borrowing costs.

This bond contains a provision that in the event of default, the CTA, upon demand of the Trustee shall pay, after payment is made on the 2008A and 2008B Pension and Retiree Health Care Funding bonds, any amounts remaining in the Sales Tax Receipts Fund, as defined by the bond agreement, and all Sales Tax Receipts as promptly as practicable after receipt.

The Series 2010A and 2010B bonds bear interest ranging from 4.0% to 6.2%. Scheduled interest on the 2010 bonds was funded through December 1, 2010 with proceeds of the 2010 bonds and interest earnings thereon. Interest is payable semiannually on June 1 and December 1 and the bonds mature serially on June 1, 2015 through June 1, 2040.

NOTE 10. CTA BONDS PAYABLE (Continued)

There are no bond debt service requirements on the Series 2010A bonds as of December 31, 2021.

2010 (5307 Urbanized Area Formula Program & 5309 Fixed Guideway Modernization Program) Refunding Series Capital Grant Receipts Revenue Bonds: On May 6, 2010, the CTA issued the tax-exempt Capital Grant Receipts Revenue Bonds backed by the pledge of Federal Transit Administration Section 5307 Urbanized Area Formula Program and 5309 Fixed Guideway Modernization Program Funds, in the amount of \$90.7 million along with a premium of \$1.9 million in anticipation of the receipt of grants from the federal government pursuant to a full funding grant agreement. The bonds were issued to provide funds to refund a portion of the outstanding 5307 (Series 2004A, 2004B and 2006A) and 5309 (Series 2008 and 2008A) bonds.

This bond contains a provision that in the event of default, the CTA upon demand of the Trustee shall pay all moneys, securities, and funds held by the CTA in a fund, account, or sub-account pursuant to the terms of the Indenture and all 5307 and 5309 Grant Receipts as promptly as practicable after receipt.

The Series 2010 bonds bear interest at 5.00%. Interest is payable semiannually on June 1 and December 1, and the bonds mature serially on June 1, 2027 and June 1, 2028.

Net proceeds of \$45.8 million were deposited into an irrevocable trust with an escrow agent to provide for 2011 debt service payments on the 5307 (Series 2004A, 2004B and 2006A) and 5309 (Series 2008 and 2008A) bonds. As a result, a portion of the 5307 (Series 2004A, 2004B and 2006A) and 5309 (Series 2008 and 2008A) bonds then outstanding are considered to be defeased and the 2011 liability has been removed from the Statements of Net Position.

The CTA refunded the various bonds using the proceeds from the 2010 Series bonds which increased its total debt service payments over the next 19 years by \$78.5 million and resulted in an economic loss (difference between the present values of the debt service payments on the old and new debt) of \$3.1 million. The defeased debt had a zero balance as of December 31, 2021 and 2020.

The Capital Grant Receipts Revenue Bonds, Refunding Series 2021 bond refunded the maturities dated June 1, 2027 through 2028 of the 5307 and 5309 (Series 2010) bonds.

There are no bond debt service requirements on the Series 2010 bonds as of December 31, 2021.

2011 (5307 Urbanized Area Formula Program) Refunding Series Capital Grant Receipts Revenue Bonds: On October 26, 2011, the CTA issued the tax-exempt Capital Grant Receipts Revenue Bonds backed by the pledge of Federal Transit Administration Section 5307 Urbanized Area Formula Program, in the amount of \$56.5 million along with a premium of \$1.8 million in anticipation of the receipt of grants from the federal government pursuant to a full funding grant agreement. The bonds were issued to provide funds to refund a portion of the outstanding 5307 (Series 2004B and 2006A) bonds.

This bond contains a provision that in the event of default, the CTA upon demand of the Trustee shall pay all moneys, securities, and funds held by the CTA in a fund, account, or sub-account pursuant to the terms of the Indenture and all 5307 Grant Receipts as promptly as practicable after receipt .

The Series 2011 bonds bear interest ranging from 4.5% to 5.25%. Interest is payable semiannually on June 1 and December 1, and the bonds mature serially from June 1, 2022 to June 1, 2029.

NOTE 10. CTA BONDS PAYABLE (Continued)

Net proceeds of \$57.5 million were deposited into an irrevocable trust with an escrow agent to provide for debt service payments on the 5307 (Series 2004B and 2006A) bonds. As a result, a portion of the 5307 (Series 2004B and 2006A) bonds then outstanding are considered to be defeased and the related liability has been removed from the Statements of Net Position. The CTA refunded the various bonds using the proceeds from the 2011 Series bonds which increased its total debt service payments over the next 18 years by \$34.3 million and resulted in an economic loss (difference between the present values of the debt service payments on the old and new debt) of \$9.2 million. The defeased debt had a zero balance as of December 31, 2020 and 2019.

The difference between the reacquisition price and the net carrying amount of the bonds refunded by the Capital Grant Receipts Revenue Bonds, Refunding Series 2011 of \$6.8 million was deferred and is being amortized over 18 years. The deferred amount ending balance for the years ended December 31, 2021, and 2020 million. There was no deferred balance as of December 31, 2021. Amortization of the deferred amount on the refunding was \$469,000 for the year ended December 31, 2020.

The Capital Grant Receipts Revenue Bonds, Refunding Series 2021 bond refunded the maturities dated June 1, 2022 through 2029 of the 5307 (Series 2011) bonds.

There are no bond debt service requirements on the Series 2011 bonds as of December 31, 2021.

2011 Sales Tax Receipts Revenue Bonds: On October 26, 2011, the CTA issued the Sales Tax Receipts Revenue Bonds, Series 2011, in the amount of \$476.9 million, along with a premium of \$21.4 million. The bonds were issued to pay for, or reimburse the CTA for prior expenditures relating to (i) the purchase of rail cars to replace existing cars and (ii) the finance of any other capital project designated by the CTA Board as part of the 2011 Project.

This bond contains a provision that in the event of default, the CTA, upon demand of the Trustee shall pay, after payment is made on the 2008A and 2008B Pension and Retiree Health Care Funding bonds, any amounts remaining in the Sales Tax Receipts Fund, as defined by the bond agreement, and all Sales Tax Receipts as promptly as practicable after receipt.

The Series 2011 bonds bear interest ranging from 5.0% to 5.25%. Scheduled interest on the 2010 bonds will be funded through December 1, 2015 with proceeds of the 2011 bonds and interest earnings thereon. Interest is payable semiannually on June 1 and December 1 and the bonds mature serially on December 1, 2021 through December 1, 2040.

The Sales Tax Receipts Revenue Bonds, Refunding Series 2020B bonds refunded the maturities dated December 1, 2021 through December 1, 2040.

There are no bond debt service requirements on the Series 2011 bonds as of December 31, 2021 and 2020.

2014 Sales Tax Receipts Revenue Bonds: On July 10, 2014, the CTA issued Sales and Transfer Tax Receipts Revenue Bonds, Series 2014 in the amount of \$550 million along with a premium of \$45.2 million. NOTE 10. CTA BONDS PAYABLE (Continued)

2020B Taxable Series Sales Tax Receipts Revenue Refunding Bonds: On September 3, 2020, the CTA issued the Taxable Sales Tax Receipts Revenue Refunding Bonds, Series 2020B, in the amount of \$534 million. The bonds were issued to refund the outstanding Sales Tax Receipts Revenue Bonds Series 2011 and to repay a portion of CTA's Second Lien Sales Tax Receipts Capital Improvement Notes.

This bond contains a provision that in the event of default, the CTA, upon demand of the Trustee shall pay, after payment is made on the 2008A and 2008B Pension and Retiree Health Care Funding bonds, any amounts remaining in the Sales Tax Receipts Fund, as defined by the bond agreement, and all Sales Tax Receipts as promptly as practicable after receipt.

The Series 2020B bonds bear interest ranging from 1.7% to 3.9%. Scheduled interest on the 2020B bonds was funded through June 1, 2021, with proceeds of the 2020B bonds and interest thereon. Interest on the 2020 bonds is payable semiannually on June 1 and December 1 and the bonds mature on December 1, 2022, through December 1, 2040.

Net proceeds of \$513.6 million were deposited into an irrevocable trust with an escrow agent to provide for debt services payments on the Sales Tax Receipts Revenue (Series 2011) bonds. As a result, a portion of the Sales Tax Receipts Revenue (Series 2011) bonds then outstanding are considered to be defeased and the related liability has been removed from the Statements of Net Position. The CTA refunded the Series 2011 bonds using the proceeds from the 2020B Series bonds which resulted in a difference of cash flows of debt service payments on the old and new debt of \$47.6 million and an economic gain (present value of the difference in debt service cash flow payments) of \$47 million. The defeased debt had a balance of \$476.9 million as of December 31, 2020.

The difference between the reacquisition price and the net carrying amount of the bonds refunded by the Taxable Sales Tax Receipts Revenue Bonds, Refunding Series 2020B of \$17.9 million was deferred and is being amortized over the next 20 years. The deferred amount ending balance for the year ended December 31, 2021 was \$16.0 million. Amortization of the deferred amount on the refunding was \$1.5 million for the year ended December 31, 2021.

NOTE 11. OTHER LONG-TERM DEBT OBLIGATIONS

CTA

CTA entered into a purchase agreement to finance a fare collection system with a value of \$102.9 million. Under the purchase agreement, the CTA will make monthly payments of approximately \$1.1 million over the ten-year term to finance the design, acquisition and installation of the open standards fare system. The present value of the future payments to be made by the CTA under the purchase agreement of approximately \$24.4 million is reflected in the accompanying December 31, 2021 Statements of Net Position as another long-term liability.

As of September 2019, CTA has entered into another purchase agreement to replace the majority of the fare collection system equipment. No amounts are due and payable under the agreement for the new system until it is delivered operational, which is not anticipated to occur for several years. The payment for such replacement will be a separate capital costs to be paid in addition to the foregoing financed amounts.

TIFIA Loan Agreement

2014 TIFIA Loan - On April 24, 2014, CTA entered into a definitive loan agreement with the United States Department of Transportation (USDOT), an agency of the United States of America, acting by and through the Federal Highway Administrator under the Transportation Infrastructure Finance and Innovation Act (TIFIA) loan program to finance certain projects that are a part of the Authority's 95th Street Terminal Improvement Project.

The principal amount of the TIFIA Loan shall not exceed \$79.2 million; provided, the maximum principal amount of the TIFIA loan disbursed by the USDOT, together with the amount (excluding any interest that is capitalized) of any other credit assistance provided under TIFIA, cannot exceed thirty-three percent (33%) of reasonably anticipated eligible project costs. Further, total federal funding, inclusive of the TIFIA loans and all federal direct or indirect grants, cannot exceed eighty percent (80%) of reasonably anticipated eligible project costs.

As evidence of CTA's obligation to repay the TIFIA Loan, CTA has issued to the lender a registered fare box receipts revenue bonds in the amount of \$79.2 million dated April 24, 2014 with a maturity date of December 1, 2050 bearing an interest rate of 3.5%, with a loan amortization schedule.

CTA borrowed \$79.2 million in 2018 and is capitalizing interest through 2020. Total capitalized interest of \$5.3 million will be added to the principal repayments over the life of the loan.

2015 TIFIA Loan - On February 3, 2015, CTA entered into a definitive loan agreement with the United States Department of Transportation (USDOT), an agency of the United States of America, acting by and through the Federal Highway Administrator under the Transportation Infrastructure Finance and Innovation Act (TIFIA) loan program to finance certain projects that are a part of the Authority's "Your New Blue" capital improvement program.

The principal amount of the TIFIA Loan shall not exceed \$120 million; provided the maximum principal amount of the TIFIA loan disbursed by the USDOT, together with the amount (excluding any interest that is capitalized) of any other credit assistance provided under TIFIA, cannot exceed thirty-three percent (33%) of reasonably anticipated eligible project costs. Further, total federal funding, inclusive of the TIFIA loans and all federal direct or indirect grants, cannot exceed eighty percent (80%) of reasonably anticipated eligible project costs.

As evidence of CTA's obligation to repay the TIFIA Loan, CTA has issued to the lender two fare box receipts revenue bonds in the amounts of \$42.6 million with a maturity date of December 1, 2029, bearing an interest rate of 2.02%, and \$77.4 million with a maturity date of December 1, 2052, bearing an interest rate of 2.31%.

As of December 21, 2020, CTA had drawn down \$24.2 million on the 2105 TIFIA loan. Total capitalized interest of \$117,000 will be added to the principal repayments over the life of the loan. The payment schedule below assumes that the entire balance will be down and will require payment. As a result, the payment schedule includes amounts that have not yet been drawn down and that the CTA is not yet obligated to pay.

2016 TIFIA Loan - On March 30, 2016, CTA entered into a third definitive loan agreement with the United States Department of Transportation (USDOT), an agency of the United States of America, acting by and through the Federal Highway Administration under the Transportation Infrastructure Finance and Innovation Act (TIFIA) loan program to finance certain projects that are part of the Authority's Rail Car Purchase Program.

The aggregate principal amount of the loan shall not exceed \$254.9 million, (excluding any interest that is capitalized in accordance with the terms of the loan); provided, however, in no event shall the maximum principal amount of the TIFIA loan disbursed by the USDOT, together with the amount (excluding any interest that is capitalized) of any other credit assistance provided under TIFIA Act, cannot exceed thirty-three percent (33%) of reasonable anticipated eligible project costs. Further, total federal funding, inclusive of the TIFIA loan and all federal direct or indirect grants, shall not exceed eighty percent (80%) of reasonably eligible project costs.

As evidence of CTA's obligation to repay the TIFIA Loan, CTA has issued to the lender registered receipts revenue bonds in the aggregate principal amount not to exceed \$254.9 million, comprising two (2) tranches in the principal amounts of \$147 million (Tranche A-1) and \$107.9 million (Tranche A-2) and bearing an interest rate of 2.64%, with corresponding loan amortization schedules for each tranche. The final maturity date for the Tranche A-1 is December 1, 2049 and the earlier of (a) the last semi-annual payment date occurring no later than thirty-four (34) years from the substantial completion date and (b) December 1, 2056.

As of December 31, 2021, no drawdowns had occurred on the 2016 TIFIA loan. No balance is presented on the Statement of Net Position as of December 31, 2021.

NOTE 12. PENSION PLANS

CTA

General Information about the Retirement Plan for Chicago Transit Authority Employees

Plan Description - The CTA participates in a single employer defined benefit pension plan covering substantially all full-time permanent union and non-union employees. The Retirement Plan for Chicago Transit Authority Employees (the Employees' Plan) is governed by Illinois state statute (40 ILCS 5/22-101). Substantially all non-temporary, full-time employees who have completed one year of continuous service (Service) participate in the Employees' Plan. The Employees' Plan issues a separate stand-alone financial report which is available at <http://www.ctaretirement.org/index.asp>.

Contributions - Prior to 2008, contribution requirements of the Employees' Plan were governed by collective bargaining agreements. After 2008, contribution requirements are governed by Illinois state statute (40 ILCS 5/22-101).

NOTE 12. PENSION PLANS (Continued)

Actual contributions made to the Employees' Plan during the years ended December 31, 2021 and 2020 are as follows (in thousands of dollars):

	Employees' Plan	
	2021	2020
Employer contributions	\$ 136,908	\$ 135,830
Employee contributions	87,550	87,539

Employer contribution rate	20.647%	20.647%
Employee contribution rate	13.324%	13.324%

Benefit terms. Substantially all non-temporary, full-time employees who have completed one year of continuous service (Service) participate in the Employee Plan. Employees are entitled to annual pension benefits upon normal retirement at age 65, in an amount generally based on a percentage, not to exceed 70%, of their average annual compensation in the highest four of the 10 preceding years. For employees retiring on or after January 1, 2001, the percentage is 2.15% multiplied by the employee's number of continuous years of participating service. The Employee Plan permits early retirement at age 55 with three years of service, generally with reduced benefits. However, in the event of early retirement by an employee who has 25 years or more of continuous service, regardless of their age, benefits will not be reduced. In accordance with Public Act 095-0708, for all employees hired on or after January 18, 2008, eligibility for an unreduced pension benefit has changed to age 64 with 25 years of service and early retirement is age 55 with 10 years of service. Benefits are paid monthly equal to one-twelfth of the annual benefit for the retiree's lifetime. Married employees can elect to receive their pension benefits in the form of a joint and survivor option. In addition to retirement benefits, the Employee Plan also provides disability and death benefits.

Employees covered by the benefit terms. The following participants were covered by the benefit terms as of January 1, 2019 and January 1, 2018:

	Employees' Plan
Participants as of January 1, 2020	
Retirees and beneficiaries currently receiving benefits	10,559
Terminated employees entitled to but not yet receiving benefits	151
Active plan members	<u>8,057</u>
Total	<u>18,767</u>
Participants as of January 1, 2019	
Retirees and beneficiaries currently receiving benefits	10,482
Terminated employees entitled to but not yet receiving benefits	113

Net Pension Liability

The CTA's net pension liability was measured as of December 31, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2020.

Actuarial assumptions and calculations. The total pension liability was determined using the following actuarial assumptions, applied to the periods included in the measurement:

Employee Plan	
January 2, 2021 Actuarial Valuation	
Actuarial valuation date	January 1, 2020
Measurement date	December 31, 2020. Census data was collected as of January 1, 2020. Liabilities measured as of the census date were projected to December 31, 2020, assuming no demographic gains or losses.
Investment return	8.25% per annum, compounded annually, including inflation, net of expenses
Inflation	3.10% per annum
Salary increases	Service graded table starting at 11% with 3.5% ultimate rate after 5 years of service
Future ad hoc benefit increases	None assumed
Mortality	SOA Public Mortality General Below Median generational with Improvement Scale MP-2018
Early retirement age	Employees hired before January 17, 2008, can retire at age 55 with reduced benefits. However, if the employee has 25 years or more of continuous service, regardless of age, the employee can retire with full benefits. Employees hired after January 17, 2008, are eligible for an unreduced pension benefit at age 64 with 25 years of service.
Normal retirement age	65
Actuarial cost method	Entry age normal - level percentage of pay
Asset valuation method	5-year smoothed actuarial value of assets
Experience study	The actuarial assumptions used were based on the results of an actuarial experience study for the period January 1, 2013 through December 31, 2017.

From 2019 to 2020, there were no changes in the actuarial assumptions.

NOTE 12. PENSION PLANS (Continued)

Best estimates of arithmetic real rates of return for each major asset class included in the Employees' Plan target asset allocation as of January 1, 2021 and 2020 are summarized in the following table (note that the rates shown below include the inflation components):

	Employees' Plan			
	December 31, 2021		December 31, 2020	
	Estimate of		Estimate of	
Target	Expected Long-Term	Target	Expected Long-Term	
Allocation	Rate of Return	Allocation	Rate of Return	
Fixed income	15 %	3.60 %	15 %	1.83 %
Domestic equities	30	7.53	30	9.04
International equities	26	6.32	26	8.45
Venture capital and partnerships	10	9.23	10	12.80
Real estate	12	7.22	12	4.76
Hedge funds	0	6.11	0	4.32
Infrastructure	7	6.19	7	6.17

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Discount rate. The discount rate used to measure the total pension liability was 8.25% for both 2021 and 2020. The projection of cash flows used to determine the discount rate assumed that Employees' Plan members and employer contributions will continue to follow the current funding policy. Based on those assumptions, the Employees' Plan fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

General Information about the Supplemental Plans

Plan Description. The CTA also maintains separate single-employer, defined benefit pension plans for selected individuals. The supplemental retirement plans provide benefits to employees of the CTA in certain employment classifications. The supplemental retirement plans consist of the: (1) closed board member plan (Board), (2) closed (Non-Qualified) supplemental plan for members that retired or terminated employment before March 2005, including early retirement incentive, and (3) closed (Qualified) supplemental plan for active employees and members retiring after March 2005. All plans are closed to new entrants. CTA received qualification under Section 401(a) of the Internal Revenue Code for

the supplemental plan and established a qualified trust during 2005 for members retiring after March 2005 (Qualified Supplemental Retirement Plan). The Qualified Supplemental Retirement Plan is reported in a fiduciary fund, whereas the activities for the Non-Qualified and Board plans are included in the financial statements of the CTA's business-type activities. There are no separate stand-alone financial reports issued for any of the Supplemental Plans.

Each of the Supplemental plans are administered by the Employee Retirement Review Committee (EERC) of the CTA, whose members are appointed by the Board of Directors of the CTA, which retains oversight of the plan administration. The plans are each established by CTA ordinances, which grant the EERC operational authority and can be modified by the CTA Board.

Contributions. The Board and Non-Qualified plans are administered on a pay as you go basis. The CTA contributes to the Qualified plan based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability.

GASB Statements No. 67, *Financial Reporting for Pensions Plans—an amendment of GASB Statement No. 25*.

Investments. The Board and Non-Qualified plans are administered on a pay as you go basis. The Non-Qualified plan does not have any associated assets. The Board plan has a limited reserve held in cash or cash equivalents, which is not actively managed or associated with an investment policy. The Qualified plan's investment policy is established and may be amended by the CTA's Employment Retirement Review Committee. The primary objective of the policy is to provide a documented structure for the implementation of investment strategies which suggests the highest probability of maximizing the level of investment return within acceptable parameters for the total Fund's volatility and risk.

The RTA, Metra and Pace

Plan Description—Effective July 1, 1976, the RTA participates, along with Metra and Pace, in a cost-sharing multi-employer noncontributory defined benefit pension plan, the Regional Transportation Authority Pension Plan (Plan), covering substantially all employees not otherwise covered by a union pension plan. The responsibilities for establishing, administering, and amending the Plan are divided among a Board of Trustees, a Retirement Committee, a Plan Administrator, and the RTA Board of Directors (Plan Administrators).

The Plan is classified as a "governmental plan" and is, therefore, generally exempt from the provisions of the Employee Retirement Income Security Act of 1974. The Internal Revenue Service has issued a letter of determination dated September 30, 1988 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code) and is, therefore, exempt from Federal income taxes under the provisions of Section 501(a) of the Code. The Plan operates on a calendar fiscal year.

Pension Benefits—Participants are entitled to annual pension benefits upon normal retirement at age 65. Such benefits are generally based on a percentage of the average annual compensation in the highest three years of service, whether consecutive or not, multiplied by the number of years of credited service.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 12. PENSION PLANS (Continued)

The Plan provides that, upon retirement, benefits will be reduced by a defined percentage for participants who received credit for prior service with an eligible employer.

The Plan permits early retirement with reduced benefits at age 55 after completing ten years of credited service. As a result of the August 1, 1999 amendment to the Plan, participants may receive their full vested benefits if they are at least 55 years of age and their combined age at retirement and credited years of service equal eighty-five or higher (known as "Rule of Eighty-Five Early Retirement").

The Plan provides for benefit payments to beneficiaries based on one of the payment methods selected by participants, as outlined in the Plan.

Disability Benefits—An employee is eligible for a disability pension if he or she becomes disabled after the completion of ten years of credited service, and is no longer receiving long-term disability benefits under a separate RTA benefit plan, or after reaching age 65, whichever is later.

Contributions and Vesting —The Plan is funded solely by employer contributions, which are actuarially determined under the entry age actuarial cost method. Contributions to the plan from the Authority were \$23.8 million for the year ended December 31, 2021.

Participating employees do not contribute to the Plan. If participants terminate continuous service before rendering five years (ten years prior to January 1, 1987) of credited service, they forfeit the right to receive the portion of their accumulated benefits attributable to employer contributions. All forfeitures are applied to reduce the amount of contributions otherwise payable by the employer.

Actuarial assumptions. The total pension liability was determined using an actuarial valuation as of January 1, 2020 and rolled forward to December 31, 2020:

Inflation	2.50 percent
Salary increases	2.85 percent to 8.60 percent including inflation
Investment rate of return	6.00 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the Pub-2010 (General Employees) Employee Mortality table for pre-retirement mortality and the Pub-2010 (General Employees) Healthy Retiree Mortality table for post-retirement mortality sex distinct, with mortality improvement projected from 2010 using projection scale MP-2018.

The assumed rate of investment return was adopted by the Plan's trustees after considering input from the Plan's investment consultant and actuary. Additional information about the various actuarial assumptions included in the actuarial valuation report as of January 1, 2018 were updated according to an actuarial experience study for the period January 1, 2013 through January 1, 2018. A summary of changes from the prior valuation include decreasing the inflation rate to 2.5% from 2.75%, lowering future salary increases from a range of 3.25% to 8.75% to 2.85% to 8.6% and updating the mortality tables utilized from RP-2014 to Pub 2010.

NOTE 12. PENSION PLANS (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These arithmetic real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For each major asset class that is included in the pension plan's target asset allocation as of the measurement date are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Expected Real Rate of Return</u>
Domestic Equity	28%	6.8%
Developed Foreign Equity	16%	7.1%
Emerging Markets Equity	15%	8.1%
Private Equity	4%	9.1%
Investment Grade Bonds	11%	1.8%
Long-Term Government Bonds	3%	2.5%
TIPS	3%	1.4%
High-Yield Bonds	3%	4.2%
Emerging Markets Bonds (local)	2%	3.7%
Emerging Markets Bonds (major)	2%	3.9%
Real Estate	8%	5.5%
Real Assets	5%	7.0%

Discount rate. A single discount rate of 6.0% was used to measure the total pension liability. This single discount rate was based on the future expected rate of return on pension plan investments of 6.0%. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at the actuarially determined contribution rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 13. RISK MANAGEMENT

RTA

The RTA is exposed to various risks including, but not limited to, losses from workers' compensation, employee health insurance, and general liability/property. Commercial insurance coverage is procured to limit the RTA's exposure to such losses.

The Workers' Compensation and Employers' Liability Insurance Policy is held through The Hartford. The RTA is insured for \$500,000 each accident for bodily injury by accident, \$500,000,000 each employee for bodily injury by disease and \$500,000 policy limit. The RTA procured property, general liability, automobile, and umbrella insurance policies with Zurich American Insurance Company. Under these policies, the RTA is insured for \$1,000,000 each occurrence with a general aggregate limit of \$2 million, and a personal and advertising injury limit of \$1,000,000. The RTA also procured public officials and employment practices liability coverage through ACE American Insurance Company with an aggregate coverage limit of \$3,000,000; cyber liability coverage through Illinois Union Insurance Company with an aggregate coverage limit of \$3,000,000; and fidelity and crime coverage through Great American Insurance Group with an aggregate coverage limit of \$5,000,000. The RTA had no settlements in excess of this insurance coverage in the past three years. There have been no significant reductions in the amount of coverage from the prior year.

In addition, the RTA is a participant in RTA's Loss Financing Plan (Plan) and Joint Self-Insurance Fund. The Fund was created as required by Article Two of the Plan with the RTA and the three Service Boards as participants. The Plan is intended primarily to serve as a mechanism for funding catastrophic losses and, by capitalizing the Fund in advance of such losses, to smooth their impact over time. The Fund is essentially a self-insurance program that provides a means for financing losses that are normally insured, and is included in the RTA's reporting entity as a proprietary fund type (enterprise fund). The Plan is administered by the RTA, CTA, Metra, and Pace (Participating Entities) utilizing a Fund Manager appointed by the RTA and three Fund Advisors, one appointed by each of the Service Boards.

Each participating entity (RTA, CTA, Metra, and Pace) is only responsible to repay the Fund for submitted claims paid by the Fund. The Fund acts exclusively as a claims-service, and financing mechanism, not an insurer, with respect to claims presented.

The limit of liability to the Fund is established at \$50 million, subject to the availability of funds in the Fund, less the retained limit (deductible portion) as described below:

General Liability—The categories of general liability that are covered, with certain defined exclusions, by the joint agreement are:

- Personal injury
- Property damage
- Advertising injury
- Evacuation, evacuation expenses and loss of use

Further, the Plan purchases excess liability insurance on behalf of all four participating agencies, with self-insured retention limits of up to \$15,000,000 and coverage for losses from \$15,000,000 to \$100,000,000.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 13. RISK MANAGEMENT (Continued)

The retained limit (deductible portion) for each Participating Entity is:

	Amount
	(in thousands)
CTA	\$ 3,500
Metra	3,000
Pace	1,000
RTA	500

Director, Officer and Employee Liability—All directors, officers or employees of each Participating Entity are covered, with certain defined exclusions, by the Plan. The retained limits are \$100,000,000 for each Wrongful Act. If a loss is covered under both types of liability, then the retained limit for general liability will apply.

CTA

The CTA is exposed to various types of risk of loss, including torts; theft of, damage to, or destruction of assets; errors or omissions; job-related illnesses or injuries to employees; natural disasters; and environmental occurrences. Also included are risks of loss associated with providing health, dental, and life insurance benefits to employees.

The CTA provides health insurance benefits to employees a self-insured comprehensive PPO plan. The CTA provides dental insurance benefits through an insured dental maintenance organization and a self-insured dental indemnity plan. The CTA does not purchase stop-loss insurance for its self-insured comprehensive PPO plan. The CTA provides life insurance benefits for active employees through an insured life insurance program.

CTA purchases property insurance for damage to CTA property including rolling stock. This insurance program is effective July 29, 2021 to July 29, 2022. Property limit of liability is \$180 million per occurrence and is purchased in three layers. The first/primary layer provides a \$25 million limit. The first excess layer provides a \$105 million limit excess and above the primary. The second excess layer provides the final \$50 million limit excess. The basic policy deductible is \$1 million per each occurrence, with a \$5 million deductible for each rail car collision or derailment claim.

The CTA is also self-insured for general liability, workers' compensation, employee accidents, environmental, automotive liability losses, employment related suits, including discrimination and sexual harassment, and management liability of board members, directors, and officers of the CTA.

The RTA provides excess liability insurance to protect the self-insurance programs for general liability and terrorism currently maintained by the CTA. There are five insurance policies in effect from June 15, 2021 to June 15, 2022. The first policy provides \$10 million in excess of the \$15 million self-insured retention and \$20 million in the aggregate. The second policy provides \$5 million in excess of the \$25 million and \$10 million in the aggregate. The third policy provides \$10 million in excess of \$30 million and \$20 million in the aggregate. The fourth policy provides \$10 million in excess of \$40 million and \$20 million in the aggregate. The fifth policy provides \$50 million in excess of \$50 million and \$100 million in the aggregate. In 2021 and 2020, no CTA claim existed that is expected to exceed the \$15 million self-insured retention under this insurance policy.

REGIONAL TRANSPORTATION AUTHORITY AND SERVICE BOARDS

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 13. RISK MANAGEMENT (Continued)

The CTA participates in a Joint Self-Insurance Fund (the Fund) with the RTA that permits the CTA to receive monies necessary to pay injury and damage claims in excess of \$2.5 million per occurrence up to the total balance in the Fund or a maximum of \$47.5 million. The CTA is obligated to reimburse the Fund for the principal amount borrowed plus a floating interest rate. However, the CTA is not obligated to make reimbursement payments, including interest, in excess of \$3.5 million in any one year. No borrowings were made from the Fund in fiscal years 2021 or 2020.

Settlements did not exceed coverage for any of the past four years, and there has been no significant reduction in coverage during that period.

Self-insured liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. The estimate for injury and damage claims is adjusted for a current trend rate and discount factor of 3.4% and 2.0%, respectively. The estimate for workers' compensation claims is adjusted for a current trend rate and discount factor of 4.0% and 2.0%, respectively. Changes in the balance of claims liabilities during the past two years are as follows (in thousands of dollars):

	Injury and Damage	Group Health and Dental	Workers' Compensation	Total
Balance at January 1, 2020	\$ 85,287	\$ 12,340	\$ 158,900	\$ 256,527

NOTE 13. RISK MANAGEMENT (Continued)

Chapter 70, Paragraph 3605/39 of the Illinois Compiled Statutes requires the CTA to establish an injury and damage reserve in order to provide for the adjustment, defense, and satisfaction of all suits, claims, and causes of action, and the payment and satisfaction of all judgments entered against the CTA for damages caused by injury to or death of any person and for damages to property resulting from the construction, maintenance, and operation of the transportation system. The statute also requires the CTA to separately fund the current year's budgeted provision for the injury and damage reserve. See Note 5 regarding cash and investment amounts maintained in this account.

Metra

A liability for each retained risk is provided based upon the estimated cost of settling claims using a case-by-case review and historical perspective. Changes in the retained risk portion of injury and damage, and Federal Employers Liability Act (FELA) accounts were as follows (amounts in thousands):

Balance, December 31, 2020	\$ 69,168
2021 provision	9,867
2021 payments	<u>(3,401)</u>
Balance, December 31, 2021	<u>\$ 75,634</u>

PACE

Pace's basic risk financing policy is to retain a portion of the financial risk of loss for its General Liability, Automobile Liability, and Workers' Compensation exposures. Pace does purchase aggregate insurance coverage in excess of specific self-insured retentions for each of the liability exposures highlighted below.

Pace also purchases conventional insurance for its property, environmental, crime, employment practice, directors & officers and cyber liability exposures. The basic premise of Pace's Risk Management program is to make risk control and risk financing decisions that minimize the adverse effects that accidental losses have on our organization. The employee health plan and workers' compensation programs are administered primarily by third-party administrators that provide claims management services in exchange for a service fee.

There were no settlements in the past three years that exceeded the allotted coverage. There were also no significant reductions in coverage in 2021. Pace's specific self-insured retentions as of December 31, 2021 are structured as follows:

General Liability	\$2,500,000 Each Occurrence
Pollution Legal Liability	\$25,000 Each Occurrence
Underground Storage Tank Liability	\$50,000 Each Occurrence Tanks Under 30 Years Old \$100,000 Each Occurrence Tanks Over 30 Years Old
Automobile Liability	\$5,000,000 Each Occurrence
Excess Workers' Compensation	\$1,000,000 Each Occurrence
Property	\$25,000 Per Occurrence Deductible
Employment Practice Liability	\$100,000 Each Occurrence
Cyber Liability	\$50,000 Each Occurrence

NOTE 13. RISK MANAGEMENT (Continued)

Pace also has assumed the financial risk for its employee health and welfare coverage. The stop loss coverage at December 31, 2021 is as follows (amounts in thousands):

	Specific Stop Loss	Aggregate Stop Loss
Corporate and all Divisions	\$ 150,000	\$ 5,312,497

Claim reserves (liabilities) for general liability, automobile liability, and workers' compensation are established based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and for claims that have been incurred but not reported (IBNR). For general and automobile liability, case reserves are established by the claim adjuster at the time the claim file is established and are modified throughout the life cycle of the claim.

The reserves on larger cases, particularly those in litigation, are reviewed with legal staff. Reserves are reviewed regularly by the Pace General Counsel and adjusted on an as needed basis.

General liability, automobile liability, and workers' compensation claim reserves reflect the ultimate settlement value of the claim. For workers' compensation claims, reserves for temporary total disability (TTD), permanent partial disability, permanent total disability and medical expenses are established in accordance with the benefit structure outlined in the Illinois Workers' Compensation Act. If permanency is involved on the case, the reserves will be increased to reflect the appropriate amount as determined by previous cases settled at the Illinois Workers' Compensation Commission. Reserves are updated as necessary and reflect the ultimate settlement value of the claim.

General liability, automobile liability, and workers' compensation claim liabilities for incurred losses to be settled by a lump-sum payment or other agreement, represent their present value using an expected future investment yield of 2% per year. Reserves for employee health and welfare coverage are established based on historical claim experience.

The ultimate liability for general liability, automobile liability, workers' compensation, and the employee health and welfare plan is approximately \$32.7 million and as of December 31, 2021. Cash is intended to pay for general liability, automobile liability, and workers' compensation at a present value of \$29.8 million for this liability at December 31, 2021.

Changes in the balances of claims liabilities were as follows (amounts in thousands):

Balance at beginning of year	\$ 29,412
Current year claims and changes in estimates	6,704
Claim payments	(3,376)
Balance at end of year	<u>\$ 32,740</u>
Current Portion of Insurance reserves	\$ 9,535

NOTE 14. REGION-WIDE FINANCIAL INFORMATION

The RTA management has elected to present certain region-wide financial information. The purpose of this information is to provide a total overview of transportation-related operations in the Northeastern Illinois region. This information includes the transportation-related results of the Service Boards' affiliated carriers. Accordingly, this region-wide information is presented in the combining region-wide schedules of revenues and expenses and the combining region-wide statement of revenues and expenses—budget and actual.

The basic financial statements of the RTA and the Service Boards used to prepare the combining statement of revenues and expenses do not include the aggregate of system-generated revenues and costs. The combining region-wide schedules of revenues and expenses include the aggregate of all system-generated revenues and costs.

For purposes of the system-generated revenues recovery ratio calculation, the Act requires that the costs used in the calculation include all operating costs consistent with accounting principles generally accepted in the United States of America, with certain allowable adjustments as enumerated in the Act. Costs funded by Federal capital grants are recorded as capital assets, and are excluded from the recovery ratio calculation as required by the Act.

The Act requires that the aggregate of all system-generated revenues equal at least 50% of the aggregated costs of providing such public transportation.

For 2021, the region-wide system-generated revenue recovery ratio is calculated from the combining region-wide schedules of revenues and expenses (budget and actual budget basis) as follows:

System-generated Revenue Recovery Ratio (in thousands)

	Revenues	Expenses
CTA ^(a)	\$ 646,394	\$ 1,372,140

NOTE 14. REGION-WIDE FINANCIAL INFORMATION (Continued)

The region-wide system-generated revenue recovery ratio for 2021 equals 40.35%.

- a) CTA's system-generated revenue recovery ratio for included Senior/Circuit Breaker Free Rides revenue of \$16.2 million, ratio included an in-kind service of \$22 million both as revenues and expenses but excluded Senior Ride Free for \$16.2 million. The ratio excluded CTA expenses for security costs, and security camera contracts were for \$18.7 million, CSA labor and security department costs were an additional \$53.5 million, the FTA provided operating assistance (CARES Act) to CTA of \$219 million, the Pension obligation bond debt service cost of \$156.6 million, \$1.1 million for depreciation and \$5.1 million of ICE costs.
- b) Metra's system-generated revenue recovery ratio expenses excluded \$32.6 million of security costs, \$15.4 million for lease of transportation facilities, and \$3.5 million for depreciation expense to carriers.
- c) Pace's system-generated revenue recovery ratio included Senior/Circuit Breaker Free Rides revenue of \$1.3 million both as revenues and expenses but included an in-kind revenue of \$7.1 million. The ratio excluded expenses for pension costs of \$3.3 million in excess of actual contributions, SSJA exclusion \$7.5 million, bond interest \$154 thousand and ICE costs of \$1.8 thousand.

These are allowable adjustments for the revenues recovery ratio computation per the Act. These adjustments are also reflected in the region-wide information, with the exception of the Senior/Circuit Breaker free ride credit, which is disallowed at the regional level.

Also, RTA Act section 4.01(b) requires the RTA Board to determine that the level of fares charged for ADA paratransit services is sufficient to cause the aggregate of all projected revenues from such fares charged and received in each fiscal year to equal at least 10% of the aggregate costs of providing such ADA paratransit services in fiscal year 2021. Pace ended the year with a 10.60% recovery ratio for Regional ADA Paratransit Services. The 2021 budget for ADA paratransit service adopted by the RTA meets the 10% recovery ratio requirement.

NOTE 16. OTHER REPORTABLE EVENTS / SUBSEQUENT EVENTS

RTA

COVID-19 Pandemic

A total of \$3.540 billion of federal relief funding was provided to the RTA Region by the Coronavirus Aid, Relief, and Economic Security ("CARES") Act of 2020, the Coronavirus Response and Relief Supplemental Appropriations ("CRRSA") Act of 2021, and the American Rescue Plan ("ARP") Act of 2021. The RTA Board fully allocated these funding sources among the CTA, Metra, Pace Suburban Service, ADA Paratransit, and the RTA Agency to help offset the impact of COVID-19 related revenue losses. Through 2021, the Region had drawn down approximately 32% of the available relief funding. With respect to COVID-19 impacts, 2021 was a year of recovery. The unemployment rate in the RTA region improved from 7.5% at the beginning of the year to 5.4% in December. Due to the gradual easing of mitigation measures, RTA system ridership improved from about 30% of pre-COVID levels at the beginning of the year to about 47% by December. With a January 2021 change to State law which required collection of local sales taxes on more online transactions, RTA sales tax performance rebounded to record levels in 2021, growing by 27.6% to \$1.469 billion, more than \$200 million above the pre-COVID result for 2019. Looking forward, ridership recovery has continued in early 2022 as return-to-office plans solidify, passing 50% of pre-COVID levels in March. With the RTA funding outlook improved, the focus will be on judicious use of the remaining federal relief funding as the RTA system continues to recover from the COVID-19 pandemic.

CTA

COVID-19 Pandemic

The United States and the State of Illinois declared a state of emergency in March 2020 due to the COVID-19 global pandemic. During this evolving situation, CTA continues to analyze the impact on its financial position. Below is a summary of the federal funding that has supplemented the lower fare and public funding revenues due to the pandemic.

Coronavirus Aid, Relief, and Economic Security Act of 2020 (CARES)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The regional share of CARES Act funding to the RTA and Service Boards was \$1.438 billion. CTA has been allocated approximately \$817.5 million in CARES Act Funding.

Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA)

On December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA) was signed into law. The regional share of CRRSAA funding to the RTA and Service Boards was \$486 million. CTA has been allocated approximately \$361.3 million in CRRSAA funding.

American Rescue Plan Act of 2021 (ARP)

On March 11, 2021, the American Rescue Plan Act of 2021 was signed into law. The regional share of ARP Act funding to the urbanized area, including RTA and Service Board was \$1.496 billion. CTA has been allocated approximately \$912.1 million in ARP funding and \$118.4 million in ARP discretionary funding.

The funding provided through the CARES Act; CRRSAA; and ARP allowed for changes in how recipients use FTA funds. The most significant of these changes has been allowing recipients to charge operating expenses to FTA grants with no matching requirements.

NOTES TO SPECIAL-PURPOSE COMBINING FINANCIAL STATEMENTS (Continued) YEAR ENDED DECEMBER 31, 2021 (See Independent Accountant's Compilation Report)

NOTE 16. OTHER REPORTABLE EVENTS / SUBSEQUENT EVENTS (Continued)

The RTA approved a provision to allow the CARES Act funding which was provided to replace fare revenue lost due to the COVID-19 pandemic to be included as operating revenue for purposes of the recovery ratio calculation.

Second Lien Sales Tax Receipts Revenue Bonds

In March 2022, the CTA issued the Second Lien Sales Tax Receipts Revenue Bonds, Series 2022A, in the amount of \$350,000,000, along with a premium of \$37,881,000. The bonds were issued to (i) finance capital projects contemplated by the CTA's capital improvement plan, (ii) refund a portion of CTA's outstanding Second Lien CIP Notes, (iii) capitalize interest on the 2022A Second Lien Bonds, and (iv) pay costs incurred in connection with the issuance of the 2022A Second Lien Bonds. The Series 2022A bonds bear interest ranging from 4.0% to 5.0%.

Subsequent Event - Line of Credit

On April 1, 2022, the CTA prepaid \$77,550,000 on the 2019 capital line of credit and \$70,850,000 on the 2021 capital line of credit. Additional information on the capital lines of credit can be found in Note 16.

Metra

There are no significant subsequent events.

Pace

In November 2021, Pace was notified by the Regional Transportation Authority that \$71.2 million of funding was allocated for Suburban Services from the American Rescue Plan Act legislation. The funding will be used to help to reduce or eliminate funding shortfalls in the adopted 2022 and future operating budgets as Pace continues to recover from the operational and financial impact of the COVID-19 pandemic.

COMPARISON OF SALES TAX REVENUE
TO DEBT SERVICE REQUIREMENT

2012 - 2021
(In Thousands)

As defined in the Bond and Note General Ordinance, ordinance 85-39, Section 909 (3), revenue test required that all RTA revenues shall equal or exceed two and one-half (2.5) times the maximum annual debt service requirements. In the graph presented above, the RTA compares 2.5 times debt service requirement to sales tax revenues, a major RTA revenue. In effect, the RTA significantly exceeds the revenue test defined in the ordinance.
