## INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of  
the Board of Directors of  
the Regional Transportation Authority

### ***Report on Compliance With Grant Agreement Requirements***

We have audited the Chicago Transit Authority's ("CTA") compliance with the types of compliance requirements set forth in the attached Summary of Compliance Requirements that could have a direct and material effect on grant CTA-2003-LSC2-05 between CTA and the Regional Transportation Authority ("RTA"), as directed by RTA, for the grant period of July 1, 2012 to September 30, 2014.

### ***Management's Responsibility***

Management is responsible for the compliance with the requirements of the grant agreement and grant agreement amendments, if any, between CTA and the RTA applicable to grant CTA-2003-LSC2-05.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on CTA's compliance based on our audit of compliance with the types of requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the attached Summary of Compliance Requirements as directed by the RTA. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on grant CTA-2003-LSC2-05 occurred. An audit includes examining, on a test basis, evidence about CTA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion. However, our audit does not provide a legal determination on CTA's compliance with those requirements.

### ***Opinion***

In our opinion, CTA complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on grant CTA-2003-LSC2-05 for the defined scope period July 1, 2012 to September 30, 2014.

To the Chairman and Members of the Board of Directors  
Regional Transportation Authority

### ***Report on Internal Control Over Compliance***

The management of CTA is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered CTA's internal control over compliance with the types of requirements that could have a direct and material effect on grant CTA-2003-LSC2-05 to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance on grant CTA-2003-LSC2-05 and to test and report on internal control over compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of CTA's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph in this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

### ***Purpose of this Report***

The purpose of this report on compliance is solely to describe the scope of our testing of CTA's compliance with the types of compliance requirements described in the Summary of Compliance Requirements. And the results of that testing based on the requirements. Accordingly, this report is not suitable for any other purpose.

This report is intended solely for the information and use of the RTA's Management and Board of Directors and is not intended to be, and should not be, used by anyone other than these specified parties.

### ***Report on the Schedule of Grant Costs Claimed for Reimbursement***

We have audited a portion of the accompanying Schedule of Grant Costs Claimed for Reimbursement ("Schedule") of RTA funded Capital Grant CTA-2003-LSC2-05 to CTA as of September 30, 2014 and for the period from October 3, 2003 to September 30, 2014. This Schedule is the responsibility of CTA's management. Our responsibility is to express an opinion on this Schedule based on our audit for the defined scope period of July 1, 2012 to September 30, 2014, as described in the Notes to the Schedule of Grant Costs Claimed for Reimbursement Capital Grant CTA-2003-LSC2-05.

To the Chairman and Members of the Board of Directors  
Regional Transportation Authority

We conducted our audit of the Schedule in accordance with auditing standards generally accepted in the United States of America and the standards applicable to audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedule. An audit also includes assessing the accounting principles used and significant estimates made by CTA's management, as well as evaluating the overall Schedule presentation. We believe our audit provides a reasonable basis for our opinion.

As described in the accompanying Notes, this Schedule was prepared for the purpose of complying with Article X, Settlement and Close-out, of the CTA-2003-LSC2-05 Grant Agreement and is not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the Schedule of Grant Costs Claimed for Reimbursement of RTA Capital Grant CTA-2003-LSC2-05 referred to above presents fairly, in all material respects, the information set forth therein in accordance with the Grant Agreement described in the accompanying Notes.

Total		<u>\$ 101,732,521</u>	<u>\$ 101,732,521</u>	<u>\$ 87,597,501</u>	<u>\$ -</u>
Costs Reimbursed as of September 30, 2014				<u>\$ 87,045,539</u>	
Costs Reimbursed during audit scope period of July 1, 2012 through September 30, 2014				<u>\$ 6,084,610</u>	

NOTES TO SCHEDULE OF GRANT  
COSTS CLAIMED FOR  
REIMBURSEMENT CAPITAL GRANT  
CTA-2003-LSC2-05

---

**NOTE 1 – SUMMARY OF GRANT COSTS CLAIMED**

---

Through a Grant Agreement dated October 3, 2003, most recently amended on June 2, 2008, the Regional Transportation Authority (“RTA”) granted the Chicago Transit Authority (“CTA”) \$101,732,521 as its local share for the capital improvement project listed in the preceding Schedule of Grant Costs Claimed for Reimbursement. The Schedule of Grant Costs Claimed for Reimbursement includes the local share of amounts incurred for the project element and submitted to the RTA for reimbursement from project inception through September 30, 2014.

---

**NOTE 2 – AUDIT SCOPE**

---

RTA has defined the audit scope period for CTA-2003-LSC2-05 to only include activity occurring between July 1, 2012 and September 30, 2014, which totaled \$6,084,610 through September 30, 2014. The last requisition to the RTA from CTA prior to October 1, 2014 was dated September 15, 2014. According to CTA, the following project was open as of September 30, 2014 and has the following status.

<u>Capital Grant</u>	<u>Project Element</u>	<u>Project Completion Date*</u>
CTA-2003-LSC2	68445	June 2015
CTA-2003-LSC2	68435	March 2016
CTA-2003-LSC2	68443	June 2015
CTA-2003-LSC2	68446	January 2016
CTA-2003-LSC2	68448	June 2015
CTA-2003-LSC2	68573	March 2015
CTA-2003-LSC2	68442	March 2016
